Standing with Our Sisters

Words and Music: June Wood Edwards (2017)

1. Women stood with Jesus, they served his ministry. They fed him and they washed his feet, they stood at Calvary. Women stood with Jesus, they walked him to his grave. Now Jesus stands with women to comfort and to save.

2. Jesus stands with women, he heals them of their woe. They can share the Gospel with everyone they know. Jesus stands with women who learn and those who teach. He gives them strength and courage to give the Lord their best.

3. Jesus stands with women who work and pray and preach. He stands with girls and women who learn and those who teach. Now Jesus stands with women to comfort and to save.

Our community, so we will stand with women throughout the Unity.

Refrain

Standing with our sisters, our daughters and our sons. Standing with the family of God, that's everyone.

Standing with our children and teaching them the way to live out his kingdom each and every day.
