Resolution US2016.5: A Unitas Fratrum Code of Conduct in the event of a major conflict within a Moravian Church Province

Whereas in light of the number of conflict situations which have developed within the past couple of decades between groups of members within Unity Provinces, Mission Provinces or Mission Areas; and

Whereas a code of conduct in the Unity is required; be it

Resolved that a code of conduct will include the following:

- when a conflict, as a rule between several groups or entities within a Province¹ develops and the conflict involves the leadership, and in the event that the synod, being the highest appeal body within the Province, is unable to find a solution to the said conflict, the Provincial Board notifies the Unity office as early as possible;
- In that case, the Unity office strives at its earliest convenience to visit the area with a Unity Delegation in order to learn about the situation, and if possible to call the parties together to a common meeting in order to find a way forward. As no conflict must be left to develop for a longer period of time and subsequently get out of hand, the Unity has the right and the duty to intervene with measures of mediation, even if not invited to do so by one or both parts;
- the Unity Synod, the Unity Board and the Unity Executive Committee, whichever is applicable, has the right and duty to hear both parties, to give careful consideration to all matters, to seek to understand the issues and seek a way forward.

¹From time to time, a conflict with an individual arises within a province and is dealt with by the province and/or its synod and it may not need Unity interventions.

- Because differences in the understanding of Moravian identity and theology are accepted within the Unity, based on the fundamental notion of seeking unity in essentials, liberty in non-essentials and love in all things, the ruling principle is that the Unity, through its structure of leadership, does its best to ensure that all members, who wish to be part of the Unity, can remain so.
- This however, does not mean that everything and anything is accepted. Clear obedience to and agreement with COUF and the Constitution of the Province is paramount. In cases of doubt as to how to understand COUF, the structure of leadership of the Unity will offer an interpretation. In cases of a group not wishing to accept COUF, this group might be better off leaving the Unity.
- But first and foremost, all Provinces, all leaders, all ministers are asked always to consider carefully, what builds the Kingdom of God and what is to His glory; and be it

Resolved that this resolution be included in section three of COUF.

Resolution US2016.6: Moravian Unity Cultural Heritage Foundation (MUCHF)

Whereas a number of Moravian provinces have property including settlements, mission stations, church buildings and other structures that date back to the 18th Century and later, which are considered cultural heritage of historical and sociological importance, and

Whereas many of the Provinces, if not all, face challenges in restoration, maintaining, revitalizing some of the structures due to financial constraints, due to lack of architectural staff, lack of sufficient knowhow concerning historic craftsmanship, conservation principles, national conservation legislation, possible avenues of funding, knowledge of experience from other provinces concerning restoration issues of Moravian buildings, and

Whereas the Moravian building culture and Moravian architecture are part of the heritage of our faith; and have been proven to be extraordinary, important to maintain, and valuable for society far beyond the limits of the Moravian constituency, be it

Resolved that the Unity Synod charges the Unity Board Executive Committee to form a Steering Committee composed of one appropriately qualified individual from each region of the Unity and one additional person to serve as chair. This steering committee will be in place before the 2018 meeting of the Unity Board; and be it

Resolved that this Steering Committee is charged to take into consideration, at a minimum, the following points:

- Develop a proposal to establish a Moravian Unity Cultural Heritage Foundation (MUCHF), as a Unity Undertaking
 - The MUCHF will be governed by a board, which, in the interim, may be appointed by the Unity Board, and beginning in 2023 will be elected by Unity Synod according to relevant rules approved by Unity Synod.
 - With the agreement of the MCF Board, to situate the capital of MUCHF with the MCF and arrange for financial operations to be managed by MCF under instruction of the chair of the board of MUCHF and/or the Unity Board.
- Identify internal Moravian and external National and international funding sources and to make efforts to establish a capital of 1.000.000 USD as the first goal, and possibly later a larger capital is established.
- Invite Moravian provinces to seek support for restoration projects of buildings and other structures considered a Cultural Heritage, doing it according to relevant bylaws,

- Develop a set of rules which, in the interim, may be approved by the Unity Board, and beginning in 2023 will be approved by the Unity Synod, taking preservation policies, architectural principles, financial viability, and general importance for the Moravian Unity.
- Identify and assemble a group of international experts in Moravian Architecture, Church History, restoration, historic craftsmanship, cultural heritage management and other relevant subjects in order to offer guidance and advice to the Provinces.
- Begin a central register of structures to be considered as cultural heritage within the Unity.

Resolution US2016.7: Moravian Unity Disaster Relief Fund

- Whereas natural disasters and manmade disasters occur in areas, where the Moravian Church is present; and
- Whereas Moravian Provinces, in the event of natural or manmade disasters, experience expectations of assistance from victims of the disasters, without often being able to meet the expectations due to limited financial resources; and
- Whereas it is the call and duty of the Moravian Church to offer any possible assistance to humanity when needed; be it
- Resolved that Unity Synod tasks the Unity Board, or a sub-committee or special working group appointed by the Unity Board to:
- Establish a Moravian Disaster Relief Fund (MUDRF) and to identify internal Moravian and external international funding sources, including entities that provide matching funds for disaster relief.
 - Make efforts to establish a capital of 500.000 USD as the first goal, and possibly later a larger capital is established.
 - Create a communication plan within the Unity for responding to disasters wherever they may occur within the Unity.
 - Involve the Unity Mission Development Board (UMDB) in decision-making about and coordination of response to disasters within the provinces of the Unity, in cooperation with national and international relief agencies, and to include the delivery of resources, funds and supplies.
 - Establish response teams within the regions of the Unity and to provide a disaster recovery plan template for their activities. These teams will consist of Moravians experienced in disaster relief work and with good knowledge of the Region and of the Unity.
 - With the agreement of the MCF Board, to situate the capital of MUDRF with MCF, and the financial operation with MCF under direction of the Unity Board.
 - Assist Moravian provinces to seek support for disaster relief from the MUDRF, and national and international agencies, in the event of natural disasters or manmade disasters occurring in the area of operation of the Moravian Provinces.

Resolution US2016.8: Funding for the Unity Women's Desk (UWD)

- Whereas the First Unity Women's Consultation (1995) affirmed the need for a Unity Women's Desk (hereafter referred to as the UWD) to address the needs and concerns of the women of the Moravian Unity; and
- Whereas women represent the majority of members within most Provinces, and
- Whereas each succeeding Unity Women's Consultation (2002, 2008, and 2016) has reaffirmed the need for the UWD; and

- Whereas the Unity Women's Desk was officially formed in January 2011 and recognized by the Unity Board; and
- Whereas the UWD has been responsible for working on global change for improving the lives of Moravian women from that time; and
- Whereas the Unity Women's Desk has impacted the lives of countless women since its inception at the first Consultation in 1995; and
- Whereas the UWD has been responsible for raising its own funds to provide for the needs of the UWD and the women it supports and by heretofore using all volunteers for its work; and
- Whereas the work of the UWD grows exponentially each year; therefore be it
- Resolved that the Unity Synod re-affirm the work of the UWD by providing funding to a maximum of fifteen thousand dollars US (\$15,000.00 US) per year, depending upon a budget being sent to the Unity Board, to sustain the work of the UWD for the future and to hire a part-time Coordinator; and be it further
- Resolved that each Province provide support for the UWD as may be available or by authorizing fund-raising efforts in each of their Provinces for the Unity Women's Desk (2002,#902); and be it further
- Resolved that each Province will support the work of the UWD through prayer and providing any other resources available from that Province.

Resolution US2016.9: MCF Funding of Theological Education

- Whereas COUF #833 identifies Theological training within the worldwide Unity as Priority 1 for the Moravian Church Foundation, and
- Whereas MCF currently funds the theological education for most Moravians around the worldwide Unity, be it therefore
- Resolved: the 2016 Unity Synod extends its heartfelt appreciation to MCF for this priority funding that makes theological education possible for Moravians throughout the worldwide Unity.
- Whereas the provinces of the Unity benefit when their leaders are theologically trained, and
- Whereas seminaries in the America North, Britain, and Europe do not currently receive MCF funding for theological education, and
- Whereas some individuals from provinces that do receive MCF funding for theological education choose to obtain further theological education at Moravian seminaries located in provinces that do not receive MCF funding, and
- Whereas at least one seminary (Moravian Theological Seminary in Bethlehem, PA) has educated a number of students from Moravian provinces outside North America and has funded this education through its own shrinking operating budget, thus limiting the number of such Moravian students it can accept without financial support,
- Whereas Moravian Theological Seminary offers distance theological education to Moravians who live in various provinces around the Unity via technology that allows for students to learn from scholars in Bethlehem while living in the context in which they will lead and serve, therefore be it
- Resolved: the Moravian Church Foundation offer financial support to seminaries that provide theological training, whether on site or via Distance Learning, for Moravian students who come from provinces that would receive MCF funding, even if those seminaries are located in provinces that do not normally receive MCF funding.

Resolution US2016.10: UAMM (United Alaska Moravian Ministries)

- Whereas The Unity Board has received reports on the ongoing matter of the group in Alaska calling themselves United Alaska Moravian Ministries (UAMM) in 2012 and 2014; and
- Whereas Delegations from the Unity Board have made multiple trips to seek to bring about reconciliation between the Alaska Provincial Board (APB) and UAMM; and
- Whereas the leadership of UAMM has repeatedly demonstrated an unwillingness to adhere to the directions of the Unity Board concerning the polity and practices of the Moravian Church; therefore be it
- Resolved Unity Synod 2016 affirms UB2016 that no longer recognizes the group UAMM as an organized group of Moravians within the worldwide Unity; and be it further
- Resolved by this resolution, Resolution UB2012.11 is no longer in force; and be it further
- Resolved the Unity requests that UAMM, or part of it, no longer uses the name “Moravian”, nor that they represent themselves as part of the Moravian Church, nor that they interfere in the life and ministry of any Moravian Provinces, especially the Alaska Moravian Church; and be it further
- Resolved should present members of the UAMM (as a group or as individuals) at a later date wish to be part of the Unity and follow its polity and practices, the Unity may be open to consider this.

Resolution US2016.11: Unity Prayer Day Offering allocation

- Whereas previously the projects receiving Unity Prayer Day Offerings have been determined for a whole 7 year period; and
- Whereas it is generally not viable to precisely identify a specific project, which may only be executed after up to 7 years; and
- Whereas Unity Synod 2009 created the Unity Mission and Development Board (UMDB) with the task of taking responsibility for mission and development projects throughout the Unity; and
- Whereas UMDB is now the entity within the Unity receiving applications and proposals for mission and development projects from the provinces; be it
- Resolved that the UMDB, on behalf of the Unity, determines the projects that will receive the Unity Prayer Day offering, taking into consideration that the allocations will be distributed as fairly as possible within the regions and taking into consideration, which provinces have benefitted from the Unity Prayer Day offering in previous years.

Resolution US2016.20: Statement on Food Speculation

Be it resolved that Unity Synod issues the following statement be distributed throughout the Unity and forward to respective governments:

The Unity Synod strongly encourages a ban on food speculation.

We make this appeal for the sake of justice, because ...

- Food speculation is immoral as long as it has not been proven beyond doubt that food speculation does not influence food prices in such a way that human beings are no longer able to meet their basic needs.
- Trading food and raw materials in the form of future contracts develops its own momentum and thus moves away from real economy and human needs.

- Food speculation can result in food being held back and thus lead to hunger, distress and finally death.

We make this appeal for the sake of peace, because ...

- Food speculation leads to aggression and violence up to the point of war (e.g. the hunger revolution in Haiti, the Arabellion etc.)
- It results in people fleeing from their home countries

We make this appeal for the sake of the protection of creation, because ...

- Speculating with food favours industrialized agricultural practice which is primarily profit-oriented, which in turn favours pollution of the environment and exploitation of nature. This leads to the destruction of our common basis of existence on this earth.

Resolution US2016.21: Statement Concerning Refugees

- Whereas the world is presently confronted with an unprecedented stream of more than 60 million refugees, fleeing their homes because of war, violent conflicts, oppression and great poverty, many of them losing their lives on their way; and
- Whereas this situation affects many of the countries where the Moravian Church is present; and
- Whereas the growing number of refugees and migrants in some countries has created a climate of fear, rejection, discrimination and hatred against foreigners – a climate which is being exploited by politicians who call for a closure of borders and who further incite hatred; and
- Whereas the Bible calls us to offer hospitality to foreigners and to protect refugees; and
- Whereas our forefathers and -mothers were welcomed as refugees in Herrnhut and offered shelter and protection; be it
- Resolved that the 43rd Unity Synod 2016 accepts the present situation of refugees in the world as a challenge to her witness of the love of Christ to all people. It encourages all provinces with their congregations and institutions to stand by the refugees who seek shelter and protection in their countries. It calls provinces and congregations to clearly speak out against hatred, racism and rejection within their societies and be advocates of those who have neither right nor voice to express their needs. It expresses this in the following statement, which is communicated to all provinces and members:

Statement by the 43rd Unity Synod 2016, Montego Bay

Take a stand for refugees – a word of encouragement:

The Unity Synod in Montego Bay / Jamaica, 12-20 August 2016, is concerned with the present situation of a growing stream of refugees worldwide, having to leave their homes because of war, violence, oppression and harsh poverty. In many countries where the Moravian Church is present, we are affected by this global situation and we experience a growing hostility against refugees and foreigners. We see racial prejudice becoming prevalent again.

The Bible calls us to stand up for justice, to be hospitable and to protect the foreigner.

Therefore we refuse to go along with those who stir up fear and mislead people to hatred. We refuse to believe that refugees are a threat to our way of life, our cultures and our values.

Because we believe in the God of love and justice who sides with the homeless and deprived through Jesus Christ, we encourage our congregations and members in the

worldwide Unity to side with the refugees, to lend them their voice, to speak out against hatred and discrimination.

We believe that there is a blessing of God in the encounter with the stranger who seeks our protection, our hospitality and friendship. In embracing him we grow in love and in wisdom. In the encounter with people of other faiths we learn to let behind our prejudices and to discover the value of humanity across cultures and religions.

We bear in our collective memory that our forefathers and –mothers were welcomed as refugees in Herrnhut – this is paramount to our church. This history challenges us to take a stand and to support refugees wherever we have the chance to do so.

Resolution US2016.22: Human Trafficking

- Whereas human trafficking is a global phenomenon which constitutes modern day slavery; and
- Whereas human trafficking is an increasingly serious problem in many parts of the world; be it
- Resolved that the Moravian Church stands firmly against all forms of human trafficking, stands in solidarity with victims of Human Trafficking and seeks opportunities within our own contexts to advocate on their behalf; and be it further
- Resolved the Unity Synod 2016 makes the following statement:

The Moravian Church believes that human trafficking is illegal and immoral. It is a serious crime which violates human rights, and which should be clearly condemned and prosecuted.

We affirm the statements made against human trafficking by the World Council of Churches (Refer to “Minute on Human Trafficking and Migrant Smuggling” dated June 27, 2016) and by various denominations.

We believe that all human beings should be treated with dignity and respect. Victims of human trafficking need loving care and support.

In this regard, we endeavour to promote the awareness of human trafficking by educating our members and our wider communities so that we can respond appropriately.

We acknowledge the definition of human trafficking as published in Article 3 of the UN Protocol to Prevent, Suppress and Punish Trafficking in Persons, Especially Women and Children, Supplementing the UN Convention Against Transnational Organised Crime, as shown below:

"the recruitment, transportation, transfer, harbouring or receipt of persons, by means of threat, use of force or other means of coercion, of abduction, of fraud, of deception, of the abuse of power or of a position of vulnerability or of the receiving or giving of payment or benefits to achieve the consent of a person having control over another person, for the purpose of exploitation. Exploitation shall include, at a minimum, the exploitation of the prostitution of others or other forms of sexual exploitation, forced labour or services, slavery or practices similar to slavery,

servitude or the removal of organs... The consent of a victim of trafficking in persons to the intended exploitation set forth [above] shall be irrelevant where any of the means set forth [above] have been used.”

Responsibility for administering or supervising a Unity Undertaking, a Prospective Mission Area, Mission Area or a Mission Province shall be assigned by Unity Board to a Province or a Mission Board.

Resolution US2016.29: Prospective Mission Area

- Whereas a number of new Mission Areas is part of the Unity and we even see areas, which are not yet officially recognized as Mission Areas, the term “prospective mission areas” has been introduced; and
- Whereas some of the new Mission Areas and the prospective mission areas are established churches or congregations, wishing to join up with the Moravian Unity, but further investigation is still needed; be it
- Resolved that the Unity Synod include the term “prospective mission area” in the terminology of the Unity. The detailed set of criteria for a “prospective mission area” shall be an amendment to COUF#201.1

Prospective Mission Area

a) What and Where?

A Prospective Mission Area is a new work of one or several groups of people, who have a desire to be part of the Moravian Unity, and who are being recognized as such by a Moravian Unity Province or Mission Province, or it is an area in which a Province or a Mission Agency seek possibilities to bring witness of Christ to non-Christian or un-churched people.

Such a Prospective Mission Area is subject to the attention by a Province, and/or a Mission Agency and/or the Unity and possibly the Province, Mission Agency or the Unity will give guidance as to how the work might continue and develop.

A Prospective Mission Area might be granted the status of a Mission Area, once it fulfills the criteria for that, or the Prospective Mission Area might be terminated if not showing the desired development

The geographical boundaries and extent of new areas of mission need to be defined by the supervising body of the Unity.

A Prospective Mission Area can be situated within a country where the Church is already working and established but where there are people and communities unreached by the Gospel. This would be a mission outreach from an established base, or the Prospective Mission Area can be within a country or area in which the Moravian Church has not previously had any work.

b) Authorization and recognition

A Prospective Mission Area can be working as such under the authority of an established Province, which would be the normal situation or in some cases, under a Mission Agency or directly under the Unity Board Office.

Normally, an area should be classified as a Prospective Mission Area no longer than 3 years, then a decision must be taken, as to whether it should be recognized as a Mission Area or should cease to exist within the Moravian Unity.

c) Organization

1. When a new Prospective Mission Area is initiated, the associated Unity Province or Mission Agency will seek the possibility of making adequate resources available for the development of the work.

2. The constituency of the Prospective Mission Area should show interest in the Unitas Fratrum and in Moravian Identity, and should decide whether it can identify itself with the Moravian

ecclesiology and with the Brotherly Agreement. The leadership should show willingness to start developing rules and regulations which are consistent with COUF. The initiation of this process can lead to the establishment of a Mission Area.

3. The supervising Province, supervising Mission Agency or the staff of the Unity is accountable to Unity Board for the work within the Prospective Mission Area, and has the responsibility to keep the Unity informed about any progress.

4. Moreover, the responsible body of the Unity must seek to lead the constituency of the Prospective Mission Area according to the ecclesiological principles of the Unitas Fratrum

5. Once, when after instruction, members are ready to be received into congregations by baptism or confirmation, and proper records are kept with lists of members, it is normally time to establish the work as a Mission Area proper.

- Whereas the declarations of the Bishops' conference from the years 2007 and 2014 affirm the statements in the Moravian Covenant for Christian Living 21 through 23; and
- Whereas the Worldwide Unity in 2016 accepts the principle, based on its understanding of faith and biblical testimony, that marriage is a bond between one man and one woman and is a precious gift from God; and
- Whereas in June 2014, the Synod of the American Northern Province approved a resolution named "The ordination and pastoral service of gay and lesbian individuals, whether single, married, or in covenanted relationships", in which it allows that ordained ministers of the church practice homosexuality (if they live in a "same-sex marriage" or in a same-sex "covenanted relationship", and in "sexual fidelity to their partner"); and
- Whereas the decision of the American Northern Province in 2014 concerning the ordination and/or marriage of same gender couples does not involve only the American Northern Province, since the issue of ordination and marriage concerns the very essence of practice and life of the worldwide Unitas Fratrum; and

- Whereas according to the COUF, “the Holy Scripture of the Old and New Testaments is the sole standard of the doctrine and faith of the Unitas Fratrum” (Church Order of the Unitas Fratrum, The Ground of the Unity, #4), and the practice of homosexuality is in contradiction with Unity Synod 2016’s understanding of Scripture; and
- Whereas the issue concerning homosexual lifestyle has been appearing in every Unity Synod since 1995 without resolution; be it
- Resolved that Christian Marriage in the Moravian Church is between a man and a woman; and be it
- Resolved that the Unity Synod 2016 declares to the American Northern Province that the actions of its June 2014 Synod concerning the marriage of same gender couples and the ordination of homosexual people is not in accordance with the 2016 Unity Synod’s understanding of marriage based on Unity Synod 2016’s understanding of COUF, the Moravian Covenant for Christian Living and Scripture; and be it further
- Resolved that that the Unity Synod 2016 commissions the Unity Board to observe the development in the American Northern Province, to take necessary measures.

Resolution US2016.45: Unity Mission and Development Fund Budget 2017-2023

Comments for consideration

- The budget is with 100,500 USD p.a. on the following background:
 - a. The subsidy from Unity Fund to Star Mountain Rehabilitation Centre is reduced from 114,000 USD p.a. to 40,000 USD direct from the Unity Fund. In addition a budgeted 30,000 USD through will result in a total subsidy from the Unity of 70,000 USD.
 - b. South Asia used to be a Unity Undertaking and as such was subsidized by the Unity Fund with the amount of 36,000 USD p.a. After attaining the status of a Mission area, the subsidy to South Asia will come through UMDF, with the granted, reduced amount of 15,000 USD p.a.
 - c. The budget line UB Discretionary has been increased from 15.000 USD to 25,000 USD. A new budget line is proposed, namely Projects by UMDB with the proposed amount of 49,000 USD. The aim is to build more flexibility into UMDF budget. Experience shows that having almost all the money tied down in a fixed 7 years budget, does not sufficiently cater for the many changes and development the worldwide Moravian Church experiences. Still 58% of the budget is tied to specific areas, and as a rule those areas should have priority if the budgeted income is not received.
 - d. On the income side, significant changes are proposed: In former intersynodal period, the Unity contribution was 75,000 USD, now increased to 115,000, made possible especially because the contributions to Star Mountain Rehabilitation Centre, Unity Archives and South Asia are proposed reduced or eliminated.
 - e. The MCF contribution was 7,143 USD p.a. This amount is proposed to be increased to 14,000 USD.
 - f. In the intersynodal period 2009 – 2016, some Mission Agencies started conveying funds to UMDF. The proposed budget appeals to the Mission Agencies to increase the total amount from 23,500 USD to 70,000 USD. Unity Synod cannot order the Mission Agencies to pay, but can appeal to the whole Unity, including the Mission Agencies to follow the vision of the Unity Mission and Development Fund, namely the Mission is the task of the whole Worldwide Unity and the UMDF and UMDB are the means of making that happen.

Resolution US2016.46: Unity Undertaking Finances

The committee proposes the following:

Whereas the Unity Undertakings, Star Mountain and the Unity Archives, are the two entities receiving the largest financial support from the Unity budget; be it

Resolved that Unity Undertakings present their audited financial statements to the Unity Board annually.

Resolution US2016.47: Arrears of Assessments

Whereas some Provinces are in arrears and to make sure this is communicated to Provinces; and

Whereas in the effort to achieve progress; be it

Resolved that

1. a statement of their annual contribution including any arrears from previous years is sent to every Province at the beginning of the financial year;
2. every Regional Representative on the Unity Executive should receive this information for their Region to follow up the reasons for the arrears in his / her Region. The representative should report back to the Unity Board; and be it

Resolved that each Province makes some payment during every financial year or informs the Unity Board the reasons for non-payment; otherwise funding from Unity Funds, including MCF, in the following year may not be considered and travel costs for Unity meetings may not be paid; and be it further

Resolved that any arrears prior to and including 2013 should be written off.

Resolution US2016.48: Unity Fund Budget

Whereas a 7-year fixed budget is hard to fulfill, be it

Resolved that the Unity Board are given authority to make a rolling budget every two years, keeping within the overall boundary of the proposed budget carried at Unity Synod.

Resolution US2016.49: Geographical Borders of Provinces to be Respected

Whereas it is recognized that within the Unity there are places where a Province and Mission Province exist in the same geographic area; be it

Resolved any new Moravian congregation, even when made up by persons originating in another Unity Province or Mission Province, shall be part of the Unity Province or Mission Province in which the new congregation is situated and serve under the authority of the Provincial Board of this Province or Mission Province. The geographical borders of a Unity Province or a Mission Province shall be respected at all times.

Resolution US2016.50: Resolution Pertaining to Ordination of Women.

Whereas the Unity Synods of 1957, 1967, 1981, 2002, and 2009 have affirmed the call of women to the ordained ministry of The Unity; and

Whereas the Synod of 2002 requested that all Provinces report on the progress of the implementation of this resolution to the intersynodal meetings of the Unity Board (2002, #905); and

Whereas such a report has not been compiled; therefore be it

Resolved that the research and writing of this report be assigned to the Unity Women's Desk; and be it further

Resolved that said report shall be completed by the time of the Unity Board meeting of 2018 to establish that the goals set by the foregoing resolutions have been fulfilled and that women are being included in all forms of ministry within the church; and be it further

Resolved that this report be widely distributed to all Provinces, Mission Provinces, and Mission Areas by 2020.

Resolution US2016.51: A Minister Being Deprived of the Rights Connected with Ordination

Whereas COUF #863.e states that:

A minister is deprived of the rights connected with his/her ordination if:

1. In the opinion of his/her Provincial Board he/she misuses these rights;
2. He/ she grossly violates the Church Order of the Moravian Church; or
3. He/she leads a life that is contrary to the principles of the Christian faith (1981, #810); and

Whereas a minister while Ordained as a deacon, later on might be consecrated as a Presbyterian and eventually as a Bishop; be it

Resolved that a minister deprived of the rights connected with his/her ordination, is deprived of the said rights, whether being a Deacon, a Presbyterian, or a Bishop.

Resolution US2016.52: The Ministry

Whereas UB2012 commissioned UCOT to work on a revision of COUF #687-688 and

Whereas UCOT 2013 presented a proposal of a revised COUF #687-688 to UEC2013 and

Whereas UEC2013 passed the proposal to UB2014 with the recommendation to pass it as a resolution recommending US2016 to adopt the amendments,

Be it resolved that UB2014 asks US2016 to replace COUF #682-691 for the reasons mentioned:

CHAPTER XIII

THE MINISTRY

Introduction

The understanding of Christ being the Chief Elder is the basis for the understanding of the Ministry in the Moravian Church. Unitas Fratrum underlines the priesthood of all believers, as well as the calling of specially appointed and ordained ministers. The offices of the ministry are a gift from the Chief Elder. Those called into the constituted orders of the Moravian Church are called and ordained by Christ.

The ordained minister, whether Deacon, Presbyterian or Bishop, is a servant of God and the congregation. He or she is never considered the head or the body of the congregation, but often serves as the congregation's mouth, hands, and feet as the church bears witness to the love of Christ. The ordained minister is solely a servant to the Lord, ministering to Christ by serving the congregation and its neighbors. In this role of a servant, he or she is called together with the Board of Elders to lead the congregation with Godly conduct essential to effective ministry. Ordained ministers are also called to maintain within the congregation the structure and order provided by Provincial and Unity Synods.

The ordained minister must be knowledgeable about the Moravian understanding of the role of ministry and live and act accordingly.

A. ORDINATION

1. Ordination in General (#104)

#682. The constituted orders of the ministry in the Moravian Church are those of Deacons, Presbyters and Bishops. Those who are ordained, are authorized to administer the Sacraments in the Moravian Church.

This ministry of the ordained is an expression of the ministry of the whole people of God and a response to the call and gifts of Christ Who is Chief Elder of the Church and its ministry.

The orders are expressions of service rather than rank. Only One is recognized as having authority in Himself: Jesus the Christ Who also served.

Persons feeling a call to ordained ministry in the Moravian Church shall be given equal consideration without reference to their sex.

#683. Only the Provincial Board, the Provincial or Unity Synod has the authority to commission ordination. In extending such a commission, they are guided by careful consideration of the spiritual, mental and physical qualifications of the candidate for ordination. Ordination should be preceded by appropriate ministerial training (see #692).

In the event that an ordained minister is received from another denomination, the Provincial Board is free to receive him or her as a Deacon or Presbyter as it deems appropriate.

#684. The ordained minister remains a servant of Christ and the Church as a whole, not merely of the congregation to which he/she is called. Even as Jesus Christ came not to be ministered unto but to minister, so His servants should be willing to minister wherever the Church calls them under the leading of the Holy Spirit.

The minister is a brother or sister, who is called to the ordained service, and to whom the church has certain expectations concerning conduct and lifestyle as spelled out in Provincial constitutions. To be ordained as a minister means to be under the order and authority of the church.

#684.a. Ordination and consecration as a rule is for life.

However, under specific circumstances, spelled out in Provincial constitutions, the ordained minister may be placed under corrective discipline by the PEC and is not any longer considered an ordained or consecrated minister. The ordination is suspended as long as the minister is under corrective discipline, but may in case of repentance followed by the authorization of the PEC be put into effect again. This re-installation of the ordination takes place in a special service led by a Presbyter or a Bishop appointed by the PEC. In the event of a Bishop's ordination and consecration being put into effect again, a Bishop of the Unity shall preside. It is not a re-ordination.

- Corrective discipline for ordained ministers is exercised by the Provincial Board, after a process of testing other possible corrective measures and after careful consideration of the Provincial Board and bishops. The excluded minister can appeal to the Provincial Synod.

- Reasons for corrective discipline measures for ordained ministers are those mentioned in #103.c-e. and any reasons mentioned in Provincial constitutions concerning expectations of ministers.

- In case of imposing corrective discipline measures on a bishop, the PEC must contact the chairman of the region and at least one other bishop prior to starting the process of corrective discipline.

- The Unity Board must be advised of any bishop in the respective Province that has been placed under corrective discipline. The Unity Board may ask the PEC to investigate the need for corrective disciplinary measures against a bishop.

2. Orders of the Ministry

a) Deacon

#685. The ordination of a Deacon admits him/her to the first order of the ministry. As a Deacon he/she has authority to serve in the pastoral office and to administer the Sacraments under the rules and regulations of the Church in effect for such an office. The ordination as a Deacon embodies the understanding of ministry as service, which underlies all the orders. The newly ordained minister is normally guided and nurtured in establishing his/her work in the ministry by a Presbyter who lives nearby or by someone appointed for this purpose by the Provincial Board.

b) Presbyter

#686. Deacons are consecrated to the office of Presbyter after a number of years in the ordained ministry.

In the service of consecration the Church spiritually encourages the Deacon, recognizes his/her professional and spiritual maturity, affirms his/her ministry since ordination and renews its own commitment to serve Christ.

For the individual, the service of consecration should be an occasion to give witness to the Christian faith and to rededicate him/herself to the ordained ministry.

The consecration of a Presbyterian is also a celebration of the whole Church, calling all to renew their commitment to serve Christ.

A Provincial Board might assign a particular duty to Presbyters in order to share leadership responsibilities and/or provide support for Deacons.

c) Bishop

i. The Office of Bishop

#687. We hold to the understanding, common both to the Ancient and Renewed Unity, that only Christ is Head of the Church and pastoral oversight is exercised in responsibility to Him.

The Renewed Unity received the episcopacy as an inheritance from the Ancient Unitas Fratrum.

The Renewed Unity understands the fundamental function of a bishop as being a pastor of pastors.

A Bishop of the Moravian Church is consecrated to a special priestly pastoral ministry in the name of and for the whole Unity.

The office of Bishop represents the vital unity of the Church and the continuity of the Church's ministry, although the Unity does not place emphasis on any mechanical transmission of the apostolic succession.

The office and function of a Bishop is valid throughout the Unity as a whole.

Before consecration, a Bishop-elect shall receive appropriate orientation regarding the role and function of the office from at least one other Bishop of the Unity.

The PEC appoints a bishop to give the orientation, with the affirmation of the Unity Executive Committee.

By virtue of their office, all Bishops shall have a seat at the Synod of the Province in which they reside, with the right to vote determined by each Province.

Bishops serve under the authority of the Provincial Board and Synod of the Province in which they reside. Once decisions have been reached by a provincial board or synod, Bishops are not to interfere with such decisions.

A Bishop is not by virtue of his/her office member of the PEC, but can be elected on the PEC. However, the bishop cannot serve as President of the PEC.

ii. Duties of Bishops

#688. A Bishop as a Bishop has responsibility primarily for providing pastoral care to pastors and the Church and assisting the Church in its faithfulness to Christ and the Gospel.

A Bishop has a special duty of intercession for the Unity, and also for the Church of Christ as a whole.

The opinion of a Bishop (Bishops) shall customarily be sought and given due consideration and weight in matters of doctrine and practice. A Bishop represents the Church in the act of ordination

Only Bishops have the right to ordain or to consecrate to the various orders of the ministry, but only when commissioned to do so by a Provincial Board or Synod.

A Bishop, however, has the right to decline a commission to ordain, should he/she wish to do so.

In exceptional cases, the ordination of a Deacon may be performed by a Presbyterian on behalf of the Church, commissioned by the PEC.

Bishops in active service should be enabled to visit congregations for the deepening of their spiritual life.

A Bishop (Bishops) should share in the decisions regarding the training of candidates for the ministry and should maintain a special pastoral relationship with such candidates throughout their training.

A Bishop may be assigned by his/her Province to represent the Province in ecumenical gatherings and before governmental agencies.

Each Province shall decide if it wishes to free its Bishops from congregational duties to enable them to function properly as pastors for all workers.

iii. Election and consecration of Bishops

#689. Wherever possible, every Mission Province and Unity Province shall have at least two bishops.

A Bishop shall be elected from among the Presbyters of a Province by a Provincial Synod with a secret ballot

A majority of two-thirds shall be required to secure the election of a Bishop.

On the occasion of the consecration of a Bishop, at least two Bishops of the Unity must officiate. Whenever possible, at least one of the officiating Bishops shall come from another Unity Province. The Provincial Board (or when applicable, the Provincial or Unity Synod, see #687), designates two or more bishops. Authorization for these bishops to officiate the consecration is sought from the Unity Executive Committee's office.

The President of the Unity Board or his or her representative, on behalf of the Unity, shall attend the consecration of a Bishop.

#690. All Provinces entitled under the Constitution of the Unitas Fratrum to elect and consecrate Bishops shall, on the occasion of the consecration of a Bishop, send to the office of the President of the Unity Board notification of such consecration, giving the name of the brother or sister so consecrated, the names of the officiating Bishops and the date and place of the consecration, and the office of President of the Unity Board shall transmit this information to all Provinces of the Unity and to the Archivist at Herrnhut.

iv. Bishops' Conference

#691. A regular conference of Bishops for the purpose of furthering the faith, spiritual life, unity and doctrine of the Church shall be convened once in every seven years prior to Unity Synod and prior to a meeting of the Unity Board and the Bishops have the authority to organize such a conference. Each conference should include an in depth reflection on the understanding of the role of the Bishop in the Unity.

a. Each participating Province will pay the average cost of travel for one Bishop. If additional Bishops attend the full cost must be met by the respective Province.

b. The expense of hosting the conference shall be met by the Moravian Church Foundation.

3. Reception of Acolytes

#692. The Renewed Moravian Church has taken from the Ancient Church the title of "Acolyte" which was one of the seven steps of ordination and has transformed this into a call of discipleship in the congregation and Church. Such a call is extended to any brother or sister who carries a particular responsibility in the congregation or Province who, upon acceptance of the call, is then received as an Acolyte. This takes place in the presence of the assembled congregation by the Right Hand of Fellowship, given by the presiding pastor.

An Acolyte's selection should be made by the local congregation's board or boards and approved by the Provincial Board, and his/her reception authorized by the Provincial Board. The Provincial Board has the right to authorize the reception of Acolytes for denominational service. He/she should be a person who exemplifies the teachings of Christ and who is respected by fellow members of the Church.

The duties may include assisting the pastor in pastoral duties, special supervision for specific areas of service within the local congregations, assisting in serving the elements in Holy Communion when an ordained minister is present to consecrate the elements and preside at the Sacrament.

Provincial Boards shall have the authority to appoint a qualified person as an Acolyte to serve as pastor of a specific congregation. Such appointments shall be for a period of one year. These can be renewed. When an ordained person is not available for the administration of the Sacraments, the Provincial Board may, after special instruction regarding the meaning and observance of the Sacraments, authorize such a person to administer the Sacraments in the congregation for the period of time in which he/she has been appointed.

Resolution US2016.53: Concept of Archives in the Moravian Unity

Resolution US2016.55: Standards in Theological Education

- Whereas there is a need for a list of subjects which should include the minimum theological subject areas and specific Moravian topics which are aimed at equipping ministers who function in the Moravian Church, with requisite tools to provide leadership and advance the work of the Church in the proclamation of the gospel and in building lives for the Kingdom of God within the Moravian church; and
- Whereas it is important to have basic requirements that will allow Moravian Ministers the competence to function effectively within the Moravian Unity with the confidence that should allow them to be effective in meeting and responding to the needs of congregations, specifically and generally; and
- Whereas we acknowledge that because of some cultural differences some subjects will be cultural specific, and therefore there should be opportunities for some subjects to be required subjects while some should be electives; be it
